

WINTER-SPRING 2019 CLASS SCHEDULE

Improve Your Video Skills!

We offer classes in video editing and other important video-related skills. No pre-registration is required. Classes are open to club members. Non-members are invited to join the club at the first class meeting – or in advance by downloading an application from our website, videocluboflagunawoods.com, or by visiting the Video Lab, open Tuesday-Friday from 1-4 pm between Clubhouse 2 and Pool 2.

Video Club membership for Laguna Woods Village residents is \$15 a year for one person, \$20 for two at the same address. For non-residents, the cost is \$20 for one person, \$30 for two at the same address.

If, after attending the first session, you feel a class is not a good fit for you, you may obtain a refund. Contact Dr. Tom Nash (see below).

In addition to attending classes, you may earn **certificates** in the use of Video Studio equipment (cameras, audio, switcher). You may also schedule individual **coaching sessions** on video topics where you would like assistance. Email videocluboflagunawoods@gmail.com and describe the coaching assistance you need.

For more information on classes or certification, contact **Dr. Tom Nash, Vice President and Director of Learning Opportunities**, tom@tomnash.net, 714 381-0781.

"Advanced Studio Production," 3 sessions. We will make full use of our new Video Control Room/Classroom, using intercoms to talk with camera operators. Class will include green screen, teleprompters, and more. *\$15 for members, \$30 for non-members (includes 2019 club membership).*

Dr. Tom Nash – Saturdays, January 19, 26, February 2, 10 am-noon, Video Studio

"Principles of Video Editing," 1 session. Regardless of the editing software you use, you need to know basic principles of when and how to make cuts, when to use transitions, and much more. *\$5 for members, \$20 for non-members (includes 2019 club membership).*

Dr. Tom Nash – Monday, February 11, 2-4 pm, Video Lab.

"PC Video Editing Using Corel VideoStudio," 3 sessions. Your choice: bore your audience with unedited video, put your video clips away and never show them, or learn to edit and amaze your audience. Once you learn the basics, editing is fun, and your friends and family will love you for it. Use Video Lab PCs or bring your own PC laptop equipped with VideoStudio X7 or later. Taking the entire three-session class is strongly recommended. *\$15 for members, \$30 for non-members (includes 2019 club membership).*

Dr. Tom Nash – Mondays, February 18, 25; March 4, 2-4 pm, Video Lab

"Introduction to YouTube," 1 session. This class will show you how to create your own YouTube account (if you wish). Topics include an overview of YouTube, how to upload a video to YouTube, how to delete a YouTube video, installing and using YouTube Downloader, and how to download copyright-free music from the YouTube Audio Library. You'll also view Chuck Hale's original video tutorials on using YouTube, available for later review on all Video Lab PC computers and online. You'll learn the basics and have your questions answered. *\$5 for members, \$20 for non-members (includes 2019 club membership).*

Chuck Hale – Monday, March 11, 10 am-noon, Video Lab

"Advanced PC Video Editing Using Corel VideoStudio," 2 sessions. Once you know the basics, you will want to know more of the magic you can do using Corel VideoStudio. This class will introduce you to how to do multi-camera editing, how to make more interesting titles, how to slow down or speed up video, how to capture animation, and much more. Use Video Lab PCs or bring your own PC laptop equipped with VideoStudio X7 or later. *\$10 for members, \$25 for non-members (includes 2019 club membership).*

Dr. Tom Nash – Mondays, March 18, 25. 2-4 pm, Video Lab

Continued on other side.

"Getting Better Video with Your iPad and iPhone," 3 sessions. Tools, Tips and Techniques for Video Projects. Did you know there is a way to manually set the focus and exposure on your iPhone and iPad? Or that there are four ways to take a picture from your device? This three-session class will explore a variety of topics to help you get the most out of your iPad and iPhone. Topics covered include an overview of the camera and all the hidden features available, settings, shooting videos basics, composition, getting your video and photos organized, Apple's useful tools (air drop, screen recording, mark-up), accessories available for shooting video, and apps for editing and producing videos. *\$15 for members, \$30 for non-members (includes 2019 club membership).*

Stephanie Brasher – Mondays, April 8, 15, 22, 1-3 pm, Video Lab

NEW CLASS: "How to Record Great Sound," 1 session. You capture the wedding, birthday party, etc., and the pictures are good -- but the sound? Not so good! This one-session course will teach you how to get great sound. *\$5 for members, \$20 for non-members (includes 2019 club membership).*

Dr. Tom Nash – Saturday, April 13, 10 am-noon, Video Lab

NEW CLASS: "How to Get the Most from Your Video Camera," 1 session. Settings, supports, and more. What are all those settings on your video camera about? Learn how to greatly improve your video quality with these simple principles. *\$5 for members, \$20 for non-members (includes 2019 club membership).*

Dr. Tom Nash – Saturday, April 20, 10 am-noon, Video Lab

NEW CLASS: "Painting with Light," 1 session. You have probably noticed that a person can look much older or younger, depending on the light. Or sometimes the person you want to see is just a dark silhouette. What went wrong? Learn the simple techniques of using light to enhance your videos. *\$5 for members, \$20 for non-members (includes 2019 club membership).*

Dr. Tom Nash – Saturday, April 27, 10 am-noon, Video Lab

"Easy Movie-Making with Apple Clips," 3 sessions. Not yet ready for iMovie or want to produce a simpler or silly movie? Then Clips is the app for you! With Clips, you can stitch together photos and video to create 1080 HD videos. You can easily add music, titles, voice-overs, and animated text, and even convert your media into comic-book form. Much different than iMovie, Clips produces a video in square format like Snapchat or Instagram. The Clips app

can be downloaded onto Apple devices running iOS 10.3 or later (using iPhone 5S or newer or iPad 2 or later). *\$15 for members, \$30 for non members (includes 2019 club membership).*

Stephanie Brasher – Mondays, May 6, 13, 20, 1-3 pm, Video Lab

"Making Amazing Movies with Your Smartphone," 4 sessions. Instructor Scott Marvel (Village resident, professional videographer, and producer-director of Village Television's popular "Thrive" video series) says: "I want to help everyone in the Village who has a smartphone learn how to tell the story in the camera. That's the goal of this class. I'm going to give you the mindset to help you get good at making short videos that are not boring. You'll produce your own video in class. You'll learn to work quickly, making every shot count. You'll also learn how to edit on your smartphone: Bring your clips into the editing program, review them, and make a rough-cut of your movie. Then re-arrange your clips for maximum impact and eliminate unwanted footage. Finally, add titles, music, and narration. Quickly create and share a short, interesting video." *\$20 for members, \$35 for non-members (includes 2019 club membership).*

Scott Marvel – Fridays, April 26, May 3, 10, 17, 9:30 am-noon; Video Lab
