

Three Monday afternoon sessions

May 6, 13, & 20, 2019

1 - 3 p.m. in the Video Lab between Clubhouse 2 and the pool

ATTENTION iPhone and iPad Users!

Not yet ready for iMovie or want to produce a simple or silly movie? Then Clips is the app for you. With Clips you can stitch together photos and videos to create 1080 HD videos. You can easily add music, titles, voice-overs, animated text, and even convert your media into comic book form. Much different than iMovie, Clips produces a video in square format like Snapchat or Instagram. The Clips app can be downloaded on Apple devices running IOS 10.3 or later (using iPhone 5S or newer or iPad 2 or later).
