Learn to Edit Video

Classes Start September 10, 2019.

No pre-registration required

"How to Start A Video Editing Project,"
1 session. During this 2-hour session, longtime Corel VideoStudio user Wolfgang Kutter will explain all the steps necessary to start an editing project using Corel VS and will introduce you to the basic settings. Says Wolfgang: "It will be very helpful to attend this class **BEFORE** you join Tom Nash's multi-week Corel VS training, which starts September 17. Even if you already use Corel VS, you might want to attend because we find that many Corel VS users are not too familiar with the project settings and preferences." *$5 for members, $20 for non-members (includes 2019-20 club membership).*
Wolfgang Kutter – Tuesday, September 10; 10 am-noon, Video Lab

"PC Video Editing Using Corel VideoStudio,"
3 sessions. Your choice: bore your audience with unedited video, put your video clips away and never show them, or learn to edit and amaze your audience. Once you learn the basics, editing is fun, and your friends and family will love you for it. Use Video Lab PCs or bring your own PC laptop equipped with Corel VideoStudio X7 or later. Taking the entire three-session class is strongly recommended. *$15 for members, $30 for non-members (includes 2019-20 club membership).*
Dr. Tom Nash – Tuesdays, September 17, 24, October 1; 10 am-noon, Video Lab

"Intermediate PC Video Editing Using Corel VideoStudio,"
2 sessions with Dr. Tom Nash, will be offered starting December 3.

For more information on classes, contact **Dr. Tom Nash**, **Vice President and Director of Learning Opportunities,** tom@tomnash.net, 714 381-0781. If, after attending the first session, you feel a class is not a good fit for you, you may obtain a refund. Please contact Tom. Tom will also be teaching video editing this fall for the PC Club, using **Windows Live Movie Maker** (free with Windows 10).
