

# Music, Memories and Motivation

**Thursday, November 19, 2020**  
**7:00 p.m. - Free to all village residents**

Put your feet up, dim the lights, and log on to the Video Club's general meeting for a relaxing walk down memory lane. Video Club board member and instructor, Stephanie Brasher, will be announcing "The Video Club Challenge" aimed at all us baby boomers. The program will feature a variety of videos inspired by music from our generation. These videos are selected to spark your imagination and encourage you to join the challenge so you can preserve your history and memories.
