of LAGUNA WOODS

PRESENTS

A New 5-Session Class

“Four Easy Steps to Make A 4-Minute Video About Your Life”

When: Every Monday from January 8 to February 5, 2024, 10 am-noon

Where: Video Lab between Clubhouse 2 and the Pool

Instructors: Sheryl Martin, Jonathan Williams

Students will produce a 4-minute “video story of your life” (or of someone else's), using still photos (and video clips when available). Some work will be done in class under supervision; some homework will be included. The final class session will be devoted to viewing and discussing student projects.

This class will NOT teach video editing, but students new to editing will be introduced to Canva, a very simple, free, online video-editing program. Topics covered will include digitizing and organizing

photos; eliciting memories for story development; transferring photos to a computer from cell phones and cameras; an overview of video editing programs; how to add narration, music, and more to your video; and working with online (and other) video resources. Open to all Village residents.

Pre-registration is required. Send your name, email & phone# to videolegacy4u@gmail.com, \$25 for members, \$40 for non-members (includes club membership). Pay at first class session.
