

Video Club of Laguna Woods

GENERAL MEETING
NOVEMBER 13, 2024
*AT THE VIDEO LAB
Between CH2 & the Pool*

Understanding and Using Artificial Intelligence

We'll show you how easy and fun it is to make
AI your helpful companion in everyday tasks,
beyond just the creative process!

OPEN TO ALL VILLAGE RESIDENTS AND THEIR GUESTS.
FOR MORE INFORMATION, VISIT [VIDEOCLUBOFLAGUNAWOODS.COM](https://videocluboflagunawoods.com)

Join us for an exciting and informative event about Artificial Intelligence [AI]

*If you use Alexa, Siri, GPS, or drive an electric car, you've already
experienced AI in action.*

Many people feel unsure or even anxious about AI, but our
co-presenters—Video Club president Jonathan Williams and
member John G. Peters, Jr., Ph.D.—will guide you through
everything in a friendly and easy-to-understand way.

Dr. Peters, an experienced AI presenter and graduate of MIT's Sloan
School and Computer Science & Artificial Intelligence Laboratory
(CSAIL) will share how AI thrives on human input and collaboration.

Don't miss this chance to learn, ask questions, and see how AI can be a
valuable tool for you. We look forward to seeing you there!

6:30 Refreshments & Socializing, 7:00 Program
