Are you curious or concerned about the future of Village TV Channel 6 or your cable services? Clear up any rumors and misinformation by attending the Wednesday, February 19 General Meeting of the Video Club of Laguna Woods.

Paul Ortiz, General Manager of Broadband Services, will speak on "Next Generation Technology Project," sharing updates about the future of Village Broadband and cable services. Don't miss this opportunity to hear directly from a key decision-maker and ask your questions.

Learn More About AI at March 19 General Meeting

Looking ahead, mark your calendars for the Wednesday, March 19 General Meeting, where

you'll explore the exciting world of Artificial Intelligence (AI). Learn how AI can simplify your life, whether it's creating and editing videos, designing birthday cards and posters, or discovering practical uses for everyday tasks.

This session will be co-presented by Video Club President Jonathan Williams and John G. Peters, Jr., Ph.D., who is a graduate of the MIT Sloan School and Computer Science and Artificial Intelligence Laboratory AI program.

To be held in the Video Lab starting at 6:30 pm, this will be the second in a series of informative programs on AI presented by Williams and Peters. The first was enthusiastically received at the November 13, 2024 General Meeting.
