FUND THE FILM

The Video Club's 6th Short Dramatic Film, "Twilight Time," an original romantic comedy written by Brett Halsey and starring (at left) Paul Lambert and Barbara Attell, will premiere on September 25, 2025 at 6:30 pm in Clubhouse 6.

Behind this project is an enthusiastic team of (mostly) Laguna Woods Village residents, sharing, step-by-step, the excitement and learning opportunities that are part of making a dramatic film.

Here's how you can help the Video Club produce Short Dramatic Films

In late 2025 and early 2026, the team will recruit and train cast and crew members for future Short Dramatic Films through the Film Scene Project, in which the same short scene will be produced as a comedy, a romantic drama, a horror tale, and MORE. Join the fun! First, by taking part (email Gila Zalon at gilazon@icloud.com to volunteer) – and by donating (see below).

Inspired by club Vice President Dr. Tom Nash, who founded Biola University's Synder School of Cinema and Media Arts, the Video Club undertook its first Short Dramatic Film in 2018. **Costs have gone up since then.** Help continue this challenging filmmaking tradition with a tax-deductible donation made through the Village Community Fund. Our current goal is to raise \$1,000.
