

NEW CLASS!

VIDEO EDITING

Made Easy!

Learn the basics of video editing using **Microsoft Clipchamp**.

Microsoft
Clipchamp

*Create. Edit. Share.
Your Story.*

**JUNE 11
AND JUNE 18**

**2 HOURS
EACH DAY**

Clipchamp from Microsoft runs on Windows and your Browser (both PC and Mac). And it is **Free**.

WHAT YOU'LL LEARN – CLASS OUTLINE

STEP 1

Interface, Importing, Organizing Clips

Get familiar with Clipchamp. Learn the workspace, import your videos and photos, and organize your clips.

STEP 2

Cut, Trim, Sequence, Reorder Clips

Cut and trim clips, put them in order, and build your video timeline.

STEP 3

Add Transitions, Adjust Brightness/Contrast

Add smooth transitions between clips and improve your video with simple color and brightness adjustments.

STEP 4

Add Titles, Sound, Fade Audio

Add titles and text, insert music or voice, and use fade in/out for better sound.

STEP 5

Export Video, Share Project

Export your finished video in high quality and share it with friends and family.

LOCATION: Video Lab (between CH 2 and the pool, inside Gate 12)

One time donation of \$15 for both sessions.
